

Aapta Trading Corporation

The company is the oldest entity of our group, carrying out trading and global sourcing business activities. One of the foremost business operations of Aapta was the import of raw cashew nuts in to India from African nations by virtue of its association with the State Trading Corporation.

An enterprising and successful association for the company has been a healthy relationship with leading Pharma companies of great global repute and international recognition. We were the sole distributors for Himalaya Drug Company, Bharat Serums and Vaccines Ltd. in Kazakhstan and Kyrgyzstan.

AAPTA also launched the natural acai berry energy drinks – 28BLACK and 28WHITE, in India – in association with Allahabad Canning Company of the Birla Group.
